## Photocopying and colour laser printing

The department has installed a high quality black and white/colour copier and laser printer with booklet maker. We can work from either hard copy originals or electronic files, to produce A3 and A4 booklets, posters and coloured overhead projection transparencies (OHPs). For colour printing there is a discount for multiple copies from the same original.

## Printing

We also run a high-speed scanning printer which brings all the benefits of cheap printing combined with the immediacy of photocopying. The printer scans your original and prints it at 600 dots per inch (dpi).

The machine runs at up to 120 copies a minute, so we can keep our prices very low.

## Design and print services
